

# INTEGRITY PLEDGE

As a Citizen of Ghana , I know and accept that integrity matters today more than ever.

I therefore commit myself to the principles of honesty, transparency, accountability and to work against all forms of corruption.

I will not accept or offer any advantage, gifts or benefits that compromise my values of integrity and be accountable for my actions.

I will commit myself to excellence and ethical behaviour and promote these values for the development of my community and country.

This is my pledge as a responsible Citizen of Ghana.

So Help me God
